There are some things that I just found out when I stayed in LIPS. From that I always have to carry a dictionary wherever I go because every I want to work on my assignments always there are some words that I don't know in English vocabulary or I know but I forget how to write them, if I don' t bring those dictionaries, I always make some mistakes in vocabulary. from that I plan to learn English vocabulary from my teacher or my friends”

I did not know it at all even to make one good paragraph because my teacher did not guide me to practice the word that I have been studying. So, every I face writing I just made as long as I can. But I wish I can improve my writing skill with more vocabulary while always practice to write, write and write again until I can be a good writer.”*
