|--|---|
|  | <p>more confidently and makes my writing more structured and interesting.</p> <p>Student 4: Notes that were never neat are now neat, and after reading Wattpad, I am more excited to write more. The experience of reading on Wattpad gave me inspiration and motivation, so I enjoyed the writing process more and felt encouraged to develop my ideas in a more organized and creative way.</p> <p>Student 5: After using Wattpad, the task of writing and creating stories became more enjoyable, easier and faster. I can write about</p> |

|  | <p>anything I like without being too bound by rules. At school, the learning is more demanding and prescribed.</p> <p>Student 4: I prefer learned writing through Wattpad because I can choose topics that I'm genuinely interested in, while at school the topics are often prescribed. This makes writing feel more like a hobby than an assignment.</p> <p>Student 5: Learning to write through Wattpad feels more relevant to the real world because I can see what many readers like. At school, I often feel limited by academic rules that sometimes don't match my interests.</p> |
